

Charter of the Mediterranean New Chance Network

le 5 juin 2023 à Casablanca, Maroc

Who are we?

We are a **network of actors** who implement various models, adapted to the local context, and benefit young people: (i) the **acquisition and strengthening of knowledge and skills** promoting socio-professional integration by involving companies, and (ii) **personalized support in a global approach** (social, civic, family dimensions, etc.). The **MedNC network is apolitical**.

Our mission :

Federate and **strengthen innovative mechanisms for socio-professional integration** in the Mediterranean region, in order to offer **new opportunities** to young people in vulnerable situations.

Our commitments to: :

Young people:

- **Support** each young person in all aspects of his or her development;
- **Encourage their orientation**, their access to training and to promising jobs adapted to their profiles;
- **Promote their autonomy and emancipation**, so that they can play an active role in their own future and society;
- **Make their voices heard**.

Our peers in the network:

- Work in a spirit of **collaboration, openness, equality, respect and benevolence**;
- **Share** experiences, resources, tools and methodologies
- **Promote and enhance** each other's **know-how and cultures**;
- Contribute to the **dissemination and enrichment of best practices** through exchanges between members.

Our partners:

- Make **public and economic actors aware** of the problems and solutions of socio-professional integration of young people
- Contribute to the **respect of the technical and financial commitments** of the MedNC network made in the framework of joint projects

Our means of action:

> **Inform, testify, communicate**, by carrying the voice of young people;

> **Support** members in their development;

> **Share best practices** and **strengthen the skills** of network members;

> **Encourage replication** of successful models;

> **Develop synergies** between network members;

> **Facilitate access to financing**, particularly for joint projects;

> **Innovate, improve** the quality and impact of projects;

> **Facilitate members' international outreach**.
